CUSTOMER SECURITY, OFFICIAL CONTACTS & PAYMENT INFORMATION

Your Trust Is Our Priority at PeeFee Cleaning Company.At PeeFee 101 Services, we value the trust our customers place in us. We are committed to providing professional cleaning and fumigation services with transparency, accountability, and the highest standards of customer service. To protect our customers from fraudulent activities, we encourage everyone to read and follow the official guidelines below before making any booking or payment.

1. **Our Official Company Phone Numbers:** PeeFee Cleaning Company operates with only two official company phone numbers, and both numbers are available on WhatsApp for enquiries, bookings, customer support, and service-related communications. **+234 814 909 6120 +234 703 990 2355**

   These are our only authorised company contact numbers. Please be cautious of anyone claiming to represent PeeFee Cleaning Company through a different phone number. Always verify any suspicious communication with us before taking further action.

2. **Our Only Official Company Bank Account:** For your financial security, please note that PeeFee 101 Services has only one designated company account for receiving customer payments.

Official Account Details

Account Name:	PeeFee 101 Services
Bank:	Moniepoint
Account Number:	8258936334

IMPORTANT SECURITY NOTICE:

All payments for our services must be made exclusively into the official company account stated above. We do not authorise payments into any individual's personal bank account, regardless of their position, relationship with the company, or claims of representing our management. If anyone requests payment into a different account, please do not transfer the money. Contact us through our official phone numbers to verify the request.

3. **Beware of Scammers and Impersonators:** We strongly advise our customers to remain vigilant against individuals who may attempt to impersonate our company, management, or staff members. Do not send money to any personal account on the instructions of an individual claiming to be our staff, agent, representative, or business associate. For any payment related concerns, suspicious requests, or account verification, please contact

Mr. PeeFee, CEO of PeeFee Cleaning Company, through our official company channels. Your financial security matters to us, and we encourage you to verify every payment detail before making a transfer.

4. **Visit Our Office for Bookings and Payments:** We understand that some customers may prefer face-to-face interactions before making financial commitments. At PeeFee Cleaning Company, we respect that preference. Our office has three customer service representatives available to assist with enquiries, service bookings, payment guidance, and other customer-related matters. Customers are welcome to visit our office to discuss their cleaning requirements, make bookings, verify our company details, and complete their payments with greater confidence. You do not have to feel pressured to make a remote payment if you would prefer to visit our office first. Your comfort, confidence, and peace of mind are important to us.

5. **Verified Customer Experiences and Nationwide Services:** Our commitment to customer satisfaction is reflected in our growing collection of 632 customer video testimonials from clients across different states in Nigeria. These testimonials provide prospective customers with an opportunity to learn about the experiences of people who have engaged our services. PeeFee Cleaning Company also provides interstate cleaning services, enabling us to serve clients beyond our immediate operating location. Whether you require residential, commercial, industrial, post-construction cleaning, or other professional cleaning solutions, our team is committed to delivering quality service wherever we operate. Our customers' experiences, continued patronage, and recommendations motivate us to maintain our standards of professionalism and service delivery.

OUR PROMISE TO YOU: At PeeFee Cleaning Company, we believe that trust is earned through transparency, professionalism, and accountability. We are committed to making your experience with us secure, convenient, and satisfactory, from your first enquiry to the completion of your service. Please remember; we have only two official company phone numbers. We have only one designated company payment account. We do not authorise payments into personal accounts. You are welcome to visit our office for bookings and payments. Always verify suspicious requests before transferring money.

Choose PeeFee Cleaning Company with confidence.
Your property, your money, and your trust deserve professional care.
PeeFee 101 Services - Professionalism, Trust and Quality in Every Service.

PEEFEE
CLEANING GROUP

ABOUT US:

With 15years + experience in providing dependable, efficient, and high-quality cleaning solutions. Over the years, we have remained committed to helping individuals, homes, offices, and businesses maintain clean, hygienic, and welcoming environments. We understand that cleanliness goes beyond appearances. It promotes good health, enhances productivity, creates positive impressions, and contributes to a better quality of life. That is why we approach every project with professionalism, attention to details, and a dedication to excellence.

At Peefee Cleaning Company, we believe every space deserves the highest standard of care. Our commitment is to deliver cleaning solutions tailored to our clients' needs, using effective methods and maintaining high standards of hygiene, safety, and customer service.

With years of experience behind us, we continue to build lasting relationships with our clients through reliability, integrity, and consistent service delivery.

At PEEFEE, we don't just clean spaces; we create environments where people can thrive.

Total Hygiene's

OUR MISSION

To provide reliable, professional, and high-quality cleaning services that exceed client expectations, promote healthier living and working environments, and deliver lasting value through excellence, integrity, and attention to detail.

OUR VISION

To become a leading and highly trusted cleaning company, recognized for exceptional service delivery, innovation, professionalism, and an unwavering commitment to cleanliness and hygiene.

OUR GOAL

Maintain high standards of cleanliness and ensure attention to detail in every project, understand our clients' needs and consistently exceed their expectations. Help create cleaner, safer, and more hygienic homes, workplaces, and commercial spaces.

RESIDENTIAL CLEANING

Thoughtful routine and detailed cleaning for homes, apartments and private living spaces.

COMMERCIAL CLEANING

Professional cleaning for offices, businesses and commercial environments that need to stay presentable.

POST-CONSTRUCTION CLEANING

Careful removal of construction dust, debris and finishing residue before a space is occupied.

PEEFEE CLEANING GROUP

OUR FUMIGATION SERVICES

We have 3 different kinds of fumigations:

DISINFECTANT FUMIGATION

Designed to help reduce harmful microorganisms on suitable surfaces when the correct disinfectant is used. It is ideal for hygiene-focused treatment, but remember: disinfectants do not automatically kill insects or eliminate every pest.

SPRAY FUMIGATION

A targeted treatment that applies insecticide to selected surfaces and areas where pests hide or move. It is effective against many crawling insects, such as cockroaches and ants, depending on the product used.

SMOKY BLOW FUMIGATION

This method releases a fine smoke or fog-like treatment that can reach certain difficult-to-access areas, depending on the equipment and product used. It can be highly effective against targeted pests when applied correctly. However, its effectiveness depends on the pest, chemical, environment, and proper application.

WHICH IS THE MOST EFFECTIVE? There is no single fumigation method that is best for every situation. Smoky blow fumigation can be a powerful option for certain pest problems, while spray treatment may be better for targeted surfaces. The right choice depends on the type of pest and the level of infestation. At PeeFee Cleaning Company, we focus on choosing the right treatment for the right problem because your safety, comfort, and a pest-free environment matter to us!

UPHOLSTERY CLEANING

Detailed cleaning for sofas, chairs, mattresses and other upholstered fabric surfaces.

BATHROOM & KITCHEN CLEANING

Good cleaning is not only about the final appearance. It is also about how the service is planned, handled and delivered.

WINDOW CLEANING

Detailed cleaning for small particles and sand from the window rail and the glass surface.

POOL CLEANING

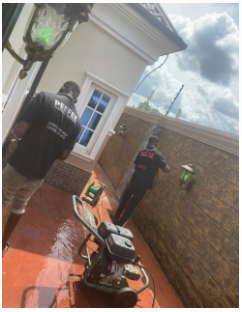

Cleaning and care that helps keep swimming pools and their surrounding areas neat and presentable.

INTERLOCK WASHING

There are two types of interlock washing and we deliver based on the customer's discretion.

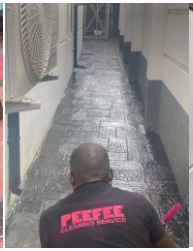

At **PeeFee,** we understand that interlocking washing is not just about spraying water on your compound. It is about understanding the type of surface, the level of dirt, the condition of the materials, and the treatment required to achieve a clean, fresh, and attractive finish.

1. **STANDARD INTERLOCKING WASHING** :This involves deep washing of ordinary concrete interlocking stones to remove accumulated dirt, mud, moss, algae, and other stains. Depending on the condition of the surface, we may use pressure-washing machines and suitable cleaning solutions to restore its appearance.

2. **MODERN OR DECORATIVE INTERLOCKING**: Some modern compounds feature decorative, coated, or specially finished interlocking surfaces. These require extra care because excessive pressure or the wrong chemicals may damage the finish. The cleaning method must be selected according to the material and its condition.

3. **PAINTED OR COATED COMPOUNDS:** Some compounds have painted or coated surfaces that may require more than ordinary washing. After cleaning, the surface may need repainting, recoating, or another suitable finishing treatment to restore its appearance. Please note that repainting is not necessary for every compound. It depends on the existing finish, its condition, and the customer's expectations.
